*Dear Suppliers,*

Due to the sudden and dynamically developing situation worldwide connected with the SARS-CoV-2/COVID-19 virus infection, the Board of Steelpress Ltd. has taken steps in planning the business continuity of the company. The above circumstances are independent of the company and should be treated as force majeure and the basis for an extraordinary change in relations.

**Therefore, for reasons beyond our control, we kindly ask you to suspend the implementation of our orders, deliveries and other contracts, except for those which implementation will be explicitly asked for by our company representatives.** At the same time, we would like to inform you that Steelpress Ltd. will make every effort to resume the implementation of suspended contracts after the cancellation of the epidemic and epidemic threat state on the territory of the Republic of Poland and improvement of the economic situation on the market.

Taking into account the previous course of our cooperation and the special situation in which we all find ourselves, we count on understanding and further fruitful cooperation.

Yours sincerely,

Krzysztof Smoliński
