NEWSLETTER 07.2025

- The SDP combines a safety dock with a built-in plug holder for secure.
- The SDP has a two-in-one function - it protects the rear fender from scratches and holds the 13-pin plug.
- The SDP is available in orange version (SDP-01) and black (SDP-01C).

The cast lever in BC-3000 and BC-3500 coupling heads is designed to serve as a convenient holder for the trailer plug when the trailer is parked.
